

# CHILLIWACK COMMUNITY SAFETY PLAN

## 5 focus areas

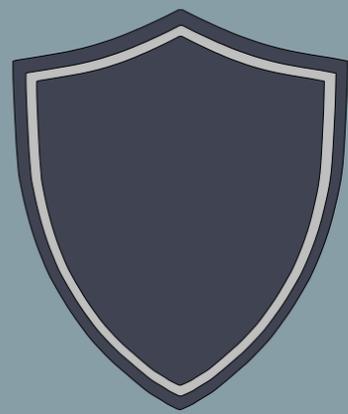

We will work together with other groups to make sure everyone in our community feels safe and welcome.

### FOCUS AREAS

Through the 5 focus areas listed in the other squares, we will address these factors:

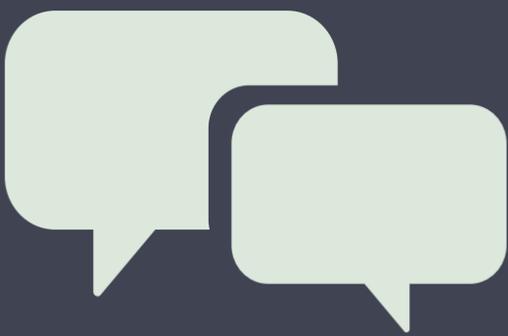

- mental health challenges,
- substance use challenges,
- homelessness,
- chronic/prolific offenders and the justice system, and
- early interventions.

1.

Improve safety and the perception of safety.

2.

Reduce stigma around homelessness, mental illness, and substance use.

3.

Set up a full range of social services.

4.

Improve capacity of justice system to seek and approve criminal charges.

5.

Increase focus on early interventions, prevention, and trauma-informed practice.

### HOW WE WILL GET THERE

Many different organizations need to work together on the items in this Plan. We will be inclusive in our approach. Based on the Plan, we will focus on both prevention and crime reduction initiatives.
